

## SYSTEM SENSORS

### SYSTEM SENSOR DH100ACDCLP LOW FLOW SMOKE DETECTOR

#### DH100ACDCLP

Catalog#	List\$
W-10563	\$214.00

- Outside mounting tabs.
- Patented telescoping sampling tube.
- Built-in reset button.
- Interconnectability for multi-fan shutdown (up to ten air handlers).
- Patented cover tamper trouble signal.
- Easy to clean.
- 24 VAC/DC or 120/240 VAC operation.
- High-Low voltage barrier.
- UL 268A listed.
- Remote test station option.
- Air velocity rating from 100 to 4000 FPM.
- Equipped with two DPDT form C relay contacts.
- Easy & quick mounting to round or rectangular duct from 1' - 12' wide.
- Textured cover for convenient visual inspection.
- 3 year warranty

### SAMPLING TUBE FOR ABOVE DETECTOR

Catalog#	Model#	Description	List\$
W-12472	ST-1.5	1.5 Foot Sampling Tube	\$11.00
W-12473	ST-3	3 Foot Sampling Tube	\$15.00
W-12474	ST-5	5 Foot Sampling Tube	\$19.00
W-12457	ST-10	10 Foot Sampling Tube	\$39.00

### SYSTEM SENSOR 2151 LOW VELOCITY PHOTOELECTRIC (NO FLOW/LOW FLOW) DUCT DETECTOR

#### 2151

- Low profile smoke detector design.
- Low standby current.
- Two LED's "blink" in stand by.
- Detector head plugs easily into base.
- Built-in test switch.
- Built-in tamper-resistant feature.
- Air velocity rating 0 to 3000 FPM.
- 120VAC base with built-in shorting spring.
- Designed for mounting on standard electrical box.
- SEM screws for easy wiring and positive wire retention.
- Removable cover and insect screen for field cleaning.
- UL 268A listed.

Catalog#	List\$
W-10564	\$86.00

### SMOKE DETECTOR BASE UNIT

#### B114LP

- 120 VAC base unit for use with 2151 above.

#### B114LPOS

- 120 VAC base unit for use with 2151 above and RTS below.

#### B114LPBT

- 24 VAC/DC base unit for use with 2151 above.

Model#	Catalog#	List\$
B114LP	W-10565	\$84.00
B114LPBT	W-12652	\$84.00
B114LPOS	W-12653	\$84.00

### SYSTEM SENSOR CARBON MONOXIDE DETECTOR

- UL 2075
- 12/24 VDC
- Wall or ceiling mounted.
- Code required trouble relay.
- Electro Chemical sensing.

#### CO1224

Catalog#	List\$
W-12478	\$161.00

## Accessory Reference

Required to be used with 2151 detector for in-duct installations. Also works with DH100ACDCLP

#### RTS451 Remote Test Station

Catalog#	List\$
W-12476	\$70.00

**RTC100**  
Remote Test Coil Kit (includes RTS451)

Catalog#	List\$
W-12477	\$96.00

\* For use with 2151 must order base W-12653.
